SPECIAL RULES

- Expect approx. 100 aircrafts attending the fly-in. Safety first!
- Arrivals are planned from 0800LT to 1330LT. Due to heavy traffic and for safety reason, no departure before 1330LT.
- At 1400LT short acro display (10min).
- Departures from 1415LT. Due to heavy traffic and for safety reason, no landing after 1415LT (except previous authorization).
- During fly-in, AFIS is active (not ATC). Keep frequency transmission short.
- Preferential landing runway is RWY 28.
- Straight-in prohibited. For those coming from South, proceed over the field and join downwind for RWY 28.
- For departure, preferential runway is RWY 10.
- Only grass parking available, except for special aircrafts who need concrete.
- Only 1 taxiway available. For logistic reason, run-up is mandatory at the parking. Marshaller will provide best support.
- Bring your own tow-bar.
- Do not activate barrier remote control. The barrier will remain closed.
- No fuel.
