No taxiway available
No fuel

AD info, VFR guide and
VAC, you can find on:
ambri-airport.com/about

In case of bad weather,
event cancellation will be
communicated by email
and social media.

- Preferential landing runway is RWY 28. After landing, taxi straight on the runway to the parking (grass or concrete), follow the marshaller.
- In case of RWY 10, after landing continue straight and hold on lateral side of the RWY. You'll be instructed for backtrack to the parking.
- After landing and before take-off, all pilots have to announce at the **C** Office.
- For take-off, preferential runway is RWY 10.
